## **Supply Chain Explorer: Deposition**

This is an export from the Emerging Technology Observatory **Supply Chain Explorer** (<a href="https://chipexplorer.eto.tech">https://chipexplorer.eto.tech</a>). You can see the web version of this content at <a href="https://chipexplorer.eto.tech/?filter-choose=input-resource&input-resource=ngut-

## **Deposition**

In the deposition process, specialized tools are used to deposit thin films of materials on a silicon wafer. After lithography and etching, these films become different chip layers, including for transistors, interconnects (wires), and other elements.
